

Want to develop your leadership skills? Looking to build your professional network? Searching for a meaningful way to get involved in the community? Join Building Leaders in Service!

Building Leaders in Service (BLIS) is a leadership development program sponsored by the Kiwanis Club of Tampa. BLIS is designed to help Tampa professionals grow their professional networks and develop as leaders through community service.

The BLIS meetings are held quarterly on Saturday mornings and are free to attend. The meetings include time to network, education about Kiwanis, leadership development workshops, guest speakers, and a community service project. All new Tampa Kiwanis members are encouraged to complete the program as part of their orientation to the club, however membership is not required to participate in BLIS.

To register for an upcoming event or to nominate someone you know for BLIS, please visit TampaKiwaniis.com/BLIS
