

Kiwaniis Tampa Club Weekly Alert

Monday, November 12, 2018

Hello Kiwanis Club,

This Week's Program...

Ms. Joanne Pistorius

with Gasparilla Concours d'Elegance

Joanne Pistorius is a 2nd generation Tampa born and raised native, having attended the Academy of the Holy Names and USF. She sold her computer company in 1999 and married Brando Pistorius the following year, beginning their journey together as collector car enthusiasts. Their livelihood until 2008 was real estate investment, but as the economic crash ended that business, they chose to focus on their car collection and restoration activities full time.

In 2017 Joanne came up with the idea of organizing the Gasparilla Concours d'Elegance. Joanne had been a Rotarian for over 25 years and chartered the Hyde Park Rotary Club. When the club closed, she looked to other means to fill her need for charitable giving back in the Tampa community. It only made sense to create an elegant event that would enhance the community, and add to the fulfillment of the needy in our own backyard. The Shriners Hospital for Children in Tampa was selected as the beneficiary for the inaugural Gasparilla Concours d'Elegance because of its stellar rating among charities, and the wonderful work they do locally for children in need.
